Our Key Limes

Our juiciest and high-quality key limes are grown and harvest in the largest lime producing and exporting country, Mexico.

Our fields are in Colima.
Our packing houses in Baja California and Veracruz.

Our Key Limes

Key limes are a small oval fruit with a thick green rind which is prone to splotchy brown spots and turns yellow at their greatest maturity.

They are aromatic and very juicy, with a stronger and more complex acidic flavor than Persian limes.

Their size are about 2.5–5 cm (1–2 in) in diameter.
